## About WatchMeGrow

Your center has partnered with WatchMeGrow so you can view your children online via streaming video and share in their day.

## WatchMeGrow is easy to use!

- All you need is a PC with Internet Access and an email account
- WatchMeGrow requires no 3rd party software plug-ins. If you can access the internet, you can use WatchMeGrow!

## What am I going to see?

- You will see high-quality streaming video of your child's classroom areas.
- Cameras are located to give you maximum viewing of your child's activities.

## WatchMeGrow families say...

"This is such a great advantage to keeping up with our child's day...rather than just the drop-off and pick-up. If we have to be away from her, at least now we're not 'too far.'"

- Mother in South Carolina

"I love this! I live in Louisiana, and I get to watch my grandbaby everyday! I LOVE IT!!!"

- Grandparent in Louisiana  
with a grandchild in Texas
